**SUMMARY ANALYSIS**

CS/HB 1141 amends several provisions in Chapter 415, F.S., relating to adult protective services. The bill deletes terms “disabled adults” and “elderly persons” and replaces with the term “vulnerable adult.” The bill also amends the definition of “vulnerable adult” by including the term “sensory.”

The bill creates a definition for “activities of daily living” that aligns with the definition for “activities of daily living,” relating to adult family-care homes.

The bill provides that the central abuse hotline must transfer to the appropriate county sheriff’s office reports of known or suspected abuse of a vulnerable adult involving a person other than a relative, caregiver, or household member.

The bill clarifies that the Department of Children and Family Services (“the DCF” or “department”) may file a petition to determine incapacity in adult protective proceedings. Upon filing the petition, the department is prohibited from being appointed guardian or providing legal counsel to the guardian.

The bill provides the department with access to records of the Department of Highway Safety and Motor Vehicles (DHSMV) for use in conducting protective investigations.

The bill does not appear to have a fiscal impact on state or local governments.

This bill provides an effective date of July 1, 2009.

### I. SUBSTANTIVE ANALYSIS

#### A. EFFECT OF PROPOSED CHANGES:

##### Current Situation

##### Background

Section 415.101, F.S., relating to the Adult Protective Services Act, provides legislative intent for comprehensive protective services for Florida's elderly and abused adults. The Department of Children and Families ("the DCF" or "the department") has identified several methods to improve these services.

##### *Adult Protective Services Program<sup>1</sup>*

The Adult Protective Services Program, authorized by ch. 415, F.S. and managed by the DCF, is a system of social services that protects disabled or elderly persons from occurrences of abuse, neglect or exploitation. Upon report of alleged abuse, neglect, or exploitation, an assessment of an individual's need for protective services is initiated.

The program consists of four components:

- The on-site investigation;
- Emergency services if determined necessary;
- Referral to the local law enforcement, if appropriate;
- Referral to local social service agencies for any identified needs.

##### *Central Abuse Hotline*

When the Florida Abuse Hotline began in the early 1970s, abuse reports were received in 181 state offices throughout Florida.<sup>2</sup> In 1988, the Legislature created the Adult Protective Services Act and centralized the abuse hotline at the DCF, where it currently operates and receives abuse, neglect, or exploitation reports—in writing or through a statewide toll-free telephone number.<sup>3,4</sup> Reports received by the hotline alleging child abuse, abandonment, or neglect by a person who is not a family member, household member, or caregiver must be immediately transferred to the appropriate county Sheriff's office<sup>5</sup>--there is no such requirement for reports of adult abuse, neglect, or exploitation.

The hotline has 162 staff members, including 4 managers, 17 supervisors and 141 counselors. From 2007-2008, Florida's Abuse Hotline received approximately 370,000 calls, which resulted in

approximately 282,000 filed reports. Specifically relating to adult abuse, the hotline received 78,613 calls, which resulted in 54,496 filed reports.<sup>6</sup> The hotline also maintains a secure web-based reporting system that allows individuals to report suspicions of adult/child abuse, neglect and abandonment, or neglect and exploitation of vulnerable adults.

The Florida Abuse Hotline accepts reports related to vulnerable adults who are residents of Florida or currently located in Florida, and are:<sup>7</sup>

- Believed to have been neglected or abused by a caregiver in Florida;
- Suffering from the ill effects of neglect and in need of services; or
- Being exploited by any person who stands in a position of trust or confidence, or any person who knows or should know that a vulnerable adult lacks capacity to consent and who obtains or uses, or endeavors to obtain or use their funds, assets or property.

When a report is determined by a hotline counselor to require an immediate onsite protective investigation, the hotline counselor must immediately notify the DCF's designated district staff responsible for protective investigations. A non-emergency report that is received by the hotline counselor is forwarded to the appropriate district staff in sufficient time so that an investigation occurs within 24 hours.<sup>8</sup>

#### *Protective Service Interventions*

When a report is called into the Florida Abuse hotline it is then referred to the Protective Investigations Unit closest to the victim's location. A protective investigation is initiated which includes observation, evidence gathering and collateral contacts.<sup>9</sup> Sometimes during an investigation, abused, neglected, or exploited adults are identified, but lack the capacity to consent to protective services. Therefore, the DCF, under reasonable cause, is directed to petition the court for an order authorizing the provision of protective services.<sup>10</sup>

There are also instances when vulnerable adults are identified and lack capacity to consent to emergency protective services. Emergency protective services are warranted when a vulnerable adult is suffering from abuse or neglect that presents a risk of death or serious physical injury. The DCF, under reasonable cause, may petition the court for an emergency protective services order.<sup>11</sup>

Emergency and non-emergency protective service orders are restricted to 60 days. At the conclusion of 60 days, the department must petition the court to determine whether<sup>12</sup>:

- Protective services will be continued with the consent of the vulnerable adult;
- Protective services will be continued for the vulnerable adult who lacks capacity;
- Protective services will be discontinued;
- A petition for guardianship should be filed pursuant to ch. 744, F.S., regarding Florida guardianship.

#### *Access to Driver's License Images and Signatures*

The DCF reports that during some adult services investigations, the subject of the investigation denies his or her identity, eluding the investigators. Section 322.142(4), F.S., authorizes the Department of Highway Safety and Motor Vehicles, pursuant to interagency agreements, to share its database information, including digital images and signatures, in response to:

- Law enforcement agency requests;
- The Department of State to determine voter registration eligibility;

### **Effects of Bill**

CS/HB 1141 amends several provisions in ch. 415, F.S., relating to adult protective services. The bill changes several definitions used in this chapter. Specifically, the bill deletes terms “disabled adults” and “elderly persons” provided in s. 415.101(2), F.S., and replaces with the term “vulnerable adult.” The bill amends the definition of “vulnerable adult” by adding the term “sensory,” and creates a definition for “activities of daily living” that aligns with the “activities of daily living” definition relating to adult family care homes. The effect of these changes provides more consistent use of commonly used terms.

The bill amends s. 415.103(2), F.S., and requires the central abuse hotline to transfer reports of known or suspected abuse of a vulnerable adult, where the alleged responsible party is someone other than the caregiver, household member, or family member, to the appropriate county sheriff's office. This requirement should ensure increased law enforcement notification.

The bill amends s. 415.1051, F.S., and authorizes the DCF, upon a good faith belief that a vulnerable adult lacks capacity, to file a petition to determine capacity in emergency and nonemergency adult protective proceedings, under ch. 744, F.S. The bill prohibits the DCF from serving as a guardian or providing legal counsel to the guardian once such petition has been filed. The effect of these changes will allow the DCF to initiate guardianship petitions to protect vulnerable adults and should allow for ongoing protection once the DCF's involvement has ended. Additionally, the effect of prohibiting the DCF from being named as guardian to the vulnerable adult will avoid conflicts of interest for the department.

The bill provides the department with access to records of the Department of Highway Safety and Motor Vehicles (DHSMV) for use in conducting protective investigations. Access to this system should assist investigators in the positive identification of victims and responsible persons who are subjects in investigations of abuse, neglect, or exploitation and provide quick access to the location of such persons, including vulnerable adults.

The bill does not appear to have a fiscal impact on state or local governments.

This bill provides an effective date of July 1, 2009.
